

## SRCA ARCHITECTURAL APPLICATION CHECKLIST

### Roof

All roof replacements require review and approval prior to installation. Many full roof replacements can be done on staff level, if all requirements are met for the subdivision. Please contact our Architectural Liaison regarding any roof restrictions in your subdivision.

**This checklist is for guidance ONLY-please refer to the SRCA Architectural Guidelines for the specific requirements relating to your project. You may require additional checklists, dependent upon the type of project proposed. Please contact our Architectural Liaison for additional information.**

**Please submit the following, in addition to your SRCA Architectural Application for SRCA review:**

- Picture of the house (as seen from across the street).
- Picture of tile or tile sample.
- Brand & color of tile to be used.
