

SRCA LAKE COVE RENOVATION

We are happy to announce that the SRCA Lake Cove has been completed! In January, the renovation of the lake cove area adjacent to the Scottsdale Ranch Community Center began. This area can be used by residents when enjoying a ride on a kayak, canoe, or paddleboat or those just wanting to fish or have a BBQ while enjoying the serenity of the lake.

The enhancements to this area include:

- Cantilevered dock for easier access to the recreational boats
- Paver picnic and BBQ area with a grill
- Paver walkway along the cove
- Shade structure with table and benches
- Kayak rack
- Lush, new landscape and accent lighting

Come enjoy our new and improved lake cove!

Thank you to Service Direct Landscaping and the SRCA Lake Committee for making it happen!
