City

Transportation

Plan: The committee reviewed the various aspects of the proposed changes to the General Plan under the transportation element which would have an impact on Scottsdale Ranch.

- Widen Mountainview Rd. from 3 lanes to 5 lanes from 92nd to 96th St.
- Add traffic circle to the intersections at Mountainview and 92nd and 96th St.
- Downgrade 96th St. from a Major Collector to a Minor Collector from Shea to Via Linda
- Improvements for pedestrians and bike lanes along Via Linda from 90th St. to Frank Lloyd Wright
- Construct shared use lanes along south side of Shea from 64th St. and 142 St.

Matt Metz reported that per Councilperson Whitehead the widening of Mountainview Rd. was already taken off the table.

After further review and discussion, it was decided that the committee did not have any concerns with the last two items listed above. However, it was determined that more information was needed to understand the reason for the other changes.

Bill Howard agreed to reach out to Paul Basha to acquire additional information on the level of service for these roadways. Kathe Barnes will also reach out to the city for more information.

Staff will publish information about the Scottsdale General Plan 2035 in the email blasts. This needs to be ratified by the voters in the November election.
