2. Boat identification and Lake Serena membership cards are required and may be obtained from the Community Association.

No dumping of any material is allowed into Lake Serena. Per Article X, Sections 2 and 3 (page 37) of the CC&Rs, a \$150 dumping fee will be charged to any member or ancillary association dumping anything, including grass clippings and landscaping debris, into Lake Serena, per occurrence. Ancillary associations with multiple lakeside properties will be charged accordingly. Any costs incurred by the Association, over and above the dumping charge, will be charged to the appropriate party's account.

Watercraft Policy

Unless otherwise approved in writing by the Board, only the following types of boats and watercraft shall be allowed in any Lake Area: power boats operated by the Association for maintenance, safety, or other community purposes; sailboats; canoes; paddle boats; and electrical or battery operated boats. Except for power boats operated by the Association, no gasoline or other combustible powered boats shall be permitted on any Lake Area. The size of all boats and watercraft shall be subject to restriction by the Board. All boats and watercraft must be registered with the Association and must bear identification numbers as assigned by the Association. All boats, watercraft and the equipment thereon shall not be allowed to be in disrepair.

Only registered watercrafts are permitted on Lake Serena and are required to be moored to an approved dock when not in use. The beaching of watercraft is not permitted. Anchors, weights or other devices are not permitted to make contact with the lake bottom. Any member who fails to adhere to this policy shall be notified in writing by SRCA of the infraction and the watercraft must be removed immediately. Failure to comply may result in removal and storage of the watercraft by SRCA, with the owner accepting full responsibility for all expenses incurred in the removal and storage and/or imposition of fines.

2. All watercrafts must be identified by a manufacturer's Hull number.

Boating Regulations

1. Boats may be powered by a conventional battery-operated motor.
2. It is recommended that lifejackets be worn by those in boats at all times.
3. A Lake Serena lanyard must be in the possession of the member using the lake.
4. Watercraft operating during the hours from sunset to sunrise is required to display navigation lights. Small boats shall display a steady white light.

Sails shall not exceed 85 square feet. The usable deck area of pontoon boats is not to exceed 16 feet in length. Feeding of waterfowl is not permitted on any easement area or any property maintained by SRCA or an ancillary association. Domestic ducks are not permitted on Lake Serena. The Association will remove or cause to be removed domestic and crossbreed ducks and their eggs, and make every reasonable effort to keep Lake Serena domestic-duck free.

The SRCA Board of Directors may change these rules or enact additional rules if needed to enhance the safety and enjoyment of Lake Serena. In addition, the Board reserves the right to suspend Lake Serena privileges of any resident who abuses the rules.
